₹1,500

per monthly billing cycle

PRODUCT OPPORTUNITY RADAR

WEEKLY RESEARCH, CLEARLY PACKAGED

A month-to-month, operator-reviewed product-research subscription for clearer test decisions.

BILLING	DELIVERY	NORMAL DAY	SETUP
Monthly, paid in advance.	Four scheduled weekly PDF-and-Excel packages.	Monday	No setup fee for the founding client.

Up to 12 eligible opportunities per weekly report; fewer is valid when the evidence does not support more.

INCLUDED

- Four scheduled weekly research packages per monthly billing cycle
- One mobile-friendly portrait decision brief per delivery
- One three-sheet Excel evidence workbook per delivery
- Up to 12 eligible opportunities per weekly report
- Week-over-week movement after a comparable prior run exists
- Possible supplier leads, subject to evidence availability

NOT INCLUDED

- Guaranteed product count, demand, sales, margin, profit, or performance
- Supplier contact, negotiation, audit, recommendation, or verification
- Product compliance, certification, safety, or legal decisions
- Advertisements, creative production, media buying, or store integration
- Unlimited or custom on-demand research requests
- Software login, client portal, real-time monitoring, or daily alerts

PRICE AND PILOT PERIOD

Plus legally applicable taxes, if any. The founding price is held for the first two paid monthly cycles and reviewed only before a later renewal.

DELIVERY ARRANGEMENT

Monday. Email delivery with a WhatsApp notification and download link.

Client decision boundary. The client decides what to test, verifies compliance and suppliers, samples product quality, and calculates landed cost, pricing, margin and commercial risk. Possible supplier leads are investigation starting points, not verified suppliers.

NEXT STEP

Confirm the paid-pilot scope, preferred start date, and commercial acceptance with NeuraFlow. The implementation target is seven days once written scope-and-price acceptance, branding confirmation, required access, and initial service checks are complete.
